GITAM
(DEEMED TO BE UNIVERSITY)

 www.gitam.edu

COMMITTED TO EXCELLENCE
SINCE 1980

Born of the **Gandhian School of Thought**

Dr. M. V. V. S. Murthi
Founder, GITAM

Inspired by Gandhian philosophy, Gandhi Institute of Technology and Management (GITAM) was founded in 1980 by a group of intellectuals and industrialists from Andhra Pradesh led by Dr M.V.V.S. Murthi, a respected philanthropist and former Member of Parliament.

The initiative envisaged a strong and resurgent India, empowered by an educated generation that would lead the nation.

Since its inception, GITAM has been striving to realise Gandhiji's dream of creating higher education institutions that would transcend racial and social barriers to impart affordable education to all Indian citizens, enabling them to contribute to nation-building.

Originally an Engineering and Management Institute, GITAM has grown to be a Deemed to be University with four campuses in three states.

GITAM was built brick-by-brick by visionary educationalist, Dr. Murthi (1938-2018), who has touched many hearts and lives. His belief in the power of education to transform lives inspires us every day and reverberates across the globe through our alumni. We miss him dearly and swear to uphold his belief in the power of transformation, student by student.

VISION

To become a global leader in higher education

MISSION

To impart futuristic and comprehensive education of global standards with a high sense of discipline and social relevance in a serene and invigorating environment

QUALITY POLICY

To achieve global standards and excellence in teaching, research, and consultancy by creating an environment where faculty and students share a passion for creating, sharing, learning, and problem-solving to help build a better society.

Leaders' Messages

GITAM has completed four decades of imparting quality higher education to students across India and the globe. Over this period, the institution has been recognised as among the best names, offering undergraduate, postgraduate, and research programs in various streams. Our trifocal vision strongly emphasises teaching, research, and consultancy, a paradigm that has yielded excellent results.

We strive to translate latent curiosity into learning, transform learners into confident performers, and transform performers into leaders, thereby creating a talent pool equipped to empower the next generation.

MATHUKUMILLI SRI BHARAT | PRESIDENT

Our goal at GITAM is holistic education, focusing on our students and staff. We want to make leaders of tomorrow by ensuring GITAM students develop critical thinking and problem-solving skills. From inception, we have worked to make the campus vibrant with worldwide collaborations and mentoring by national and international experts. As we cultivate young minds, we are very cognizant of the need to learn beyond the classroom; hence we have started a Venture Development Centre to encourage entrepreneurship, and our blended learning approach combines the best online and offline learning for students. We are passionate about our belief that education is the basis of a better tomorrow.

DR. VIRANDER SINGH CHAUHAN | CHANCELLOR

GITAM is a premier educational institution in the country, imparting quality education. Over the past four decades, GITAM has achieved numerous milestones and established its mark in higher education. GITAM has over 25,000 regular students and 2180 research scholars from across the country, and 1500 well-qualified and committed faculty with rich experience in teaching, research and industry. The faculty has undertaken significant research projects with financial assistance from UGC, DST, DBT, DRDO, BARC, MoES, CSIR etc. The University is steadily expanding its academic and research activities and gaining popularity as an International University.

DR. DAYANANDA SIDDAVATTAM | VICE-CHANCELLOR

Why GITAM

GITAM (Deemed to be University) offers students nationwide and worldwide an energetic and cosmopolitan environment conducive to pursuing higher learning. We strongly emphasise teaching, research, and consultancy, a paradigm that has delivered excellent results. We endeavour to create future leaders who evolve to make valuable contributions to their employers and society. Many of our students have become leaders in their chosen professions and respected members of society, contributing significantly to their country of origin/domicile and communities.

Our Campuses

Visakhapatnam Campus

Established in 1980 by philanthropic visionary late Dr MVVS Murthi, the serene & scenic GITAM Visakhapatnam campus is home to thousands of students from India and abroad. Spread over 100 acres, the campus offers undergraduate, postgraduate, and doctoral programs in multiple disciplines.

Hyderabad Campus

Established in 2009 and known for its magnificent architecture, the GITAM Hyderabad campus offers undergraduate, postgraduate, and doctoral programs, including public policy, to thousands of students through 7 schools.

Bengaluru Campus

Established in 2012 and located near the IT hub of the city, the GITAM Bengaluru campus is home to thousands of students studying in the School of Technology, School of Business, School of Science, and School of Humanities and Social Sciences.

GIMSR Campus

Established in 2014, the GITAM Institute of Medical Sciences and Research is a medical college and hospital in Visakhapatnam. GIMSR is home to more than 250 specialized doctors in 12 fields and around 1,900 medical, paramedical, nursing, physiotherapy, and pharmacy students.

Campus Life

We offer one of the best campus experiences in India!

We are replacing our classrooms with comfortable “Technology-Rich Learning Spaces” Learning Spaces necessary to seed and sustain digital innovation and blended learning. With comfortable rooms, shopping areas, indoor and outdoor sports facilities, gyms, food courts, gardens, and open spaces ensure our students' physical and mental well-being. To cater to the diverse pallet of our students from all over the Indian sub-continent and abroad, we curate the best menus to help our students experience fine dining while not missing home food. Our competitive and recreational sporting opportunities on all its campuses to help our students lead a healthy and active lifestyle alongside their academic studies.

Learning @ GITAM

The requirement for citizens of this century is to be upright, mindful, well-rounded, and creative and have intellectual curiosity and scientific temper. Education must enable an individual to develop an interest in areas at a deeper level and study additional specialised areas. This century requires capability across a range of disciplines for meaningful and satisfying lives which contribute to humanity. Aligned with these thoughts, GITAM has now introduced a true choice-based system of selection courses, where students can choose even outside the initially declared domain of interest. For programs in Business, Humanities and Sciences, a student of GITAM has the choice of a Major and a Minor. The major provides the skills and knowledge necessary to start your career. The minor allows you to acquire a new skill or follow your passion in a particular study area.

Free online learning platforms offered to our students include:

coursera

Scholarships

We firmly believe that all students deserve a fair shot at quality education and are rewarded for their continued excellence. This year, we awarded scholarships worth about fifty crores, and One in three of our students is on a scholarship. Our scholarships include President's Merit Scholarship, Sports Scholarship, Need-based Scholarship, Hakeem Abdul Hameed Scholarship, and ONGC Scholarship.

We also provide scholarships to our employees, siblings of GITAM students, children of GITAM alumni, children of our employees, and children of our retired employees.

Research at GITAM

The research and innovation activities at GITAM University focus on gaining new knowledge and insights in selected domains and developing and fostering applications that can be incubated for successful commercialisation.

With a clear roadmap for milestones, deliverables, and performance metrics, there is a solid framework to promote entrepreneurship and innovation led by a well-trained, expert workforce and world-class partners. To ensure that the research and innovation activities are well supported, we are affiliated with various apex bodies to promote interdisciplinary and co-disciplinary research by coordinating with multiple funding agencies.

OUR PUBLICATIONS

CENTRES OF INNOVATION

The Centres of Innovation (CoIs) at GITAM are organisational units established to focus the expertise and resources within a discipline to attain and sustain world-class performance and value. GITAM's Research & Innovation function houses several Centres of Innovation (CoIs), autonomous systems, extended reality, etc.

SPONSORED RESEARCH PROJECTS UNDERTAKEN WITH TOP FUNDING AGENCIES

GITAM Career Guidance Centre

GITAM Career Guidance Centre (GCGC) is a strategic initiative launched by GITAM. We endeavour to:

- Guide
- Mentor
- Equip the students with competence, confidence & character
- Fulfill the career aspirations.

The Center focuses on strategy, long-term planning, formulating policies, designing and curating Competence Development activities, and developing and nurturing corporate relations.

GCGC augments classroom education with training in career-specific skills and in human values. It enables holistic development of a student and prepares them to be ready for careers of their choice as they graduate.

Career Paths

GCGC Offers a range of career options including Campus Placements, Higher Studies (Abroad/ India), Competitive examinations including GATE & UPSC, Govt Services, Indian Armed Forces, Entrepreneurship, and Family Business.

Campus Operations

The Campus operations are led by the Campus Director and Team functioning in close coordination with the Heads of Institutes and Heads of Departments.

New Initiatives

- Introduction of Career Counseling & Mentoring (CC&M) right from 1st Year
- Thrust on Competence Development for All streams – All Years
- Dedicated Division for Other Career Options
- Launch of the GITAM Young Leaders Program (GYLP)
- Patronage to GDSC Club and Meta Developers Circles
- Off-Campus opportunities through AoN Cocubes
- Regular interactions between our student bodies & Alumni
- Provision of Internships, Fellowships, Scholarships through G-Explore

Entrepreneurship @GITAM Venture Development Centre

Venture Development Center (VDC) is a venture pre-incubator and the hub for all the startup action at GITAM. Set up to build and foster a robust entrepreneurship ecosystem at GITAM, it helps student entrepreneurs to incubate their ideas and develop them into meaningful ventures by offering guidance and mentorship throughout their startup journey. VDC is an abode for various entrepreneurship activities on campus with a dedicated team of venture coaches trained and certified by Northeastern University, Boston. VDC also has a student-run E-Club.

Workshops, boot camps, ideation sessions, prototyping & design thinking sessions, speaker series, and chai chats, among others, are conducted throughout the academic year to build a well-rounded entrepreneurship ecosystem.

Student Life

Across its campuses, GITAM attracts thousands of students from India and abroad who enrol for various courses. The culture is open, vibrant, and cosmopolitan, an ecosystem that opens young minds to other cultures, thinking, habits and practices that create global citizens reflecting our ageless philosophy of Vasudhaiva Kutumbakam (the world is one Family). Students can explore, discover, learn, question, answer and interact with others and, in the process, imbibe the values of teamwork, tolerance, acceptance, and the temperament to contribute positively to their tasks and society. The institution has zero tolerance for indiscipline, such as ragging, racism, and other modern social aberrations. The environment provides several opportunities for students to present their points of view, skills and talent and improve themselves. We try and ensure that every student has an enriching and memorable experience they cherish for a lifetime.

Activities:

GITAM has several platforms for students to participate, contribute, showcase their talent and develop their personal skills. The institute has a wide array of clubs, forums, events and extra-curricular activities to help them evolve as leaders and team players and deliver tasks within budgets and deadlines.

Student initiatives, clubs, and forums include:

- GITAM Centre for Incubation and Entrepreneurship Development
- Rotaract Club of GITAM
- G-Studio
- National Cadet Corps
- GITAM National Service Scheme
- Engineers Without Borders
- Innovation Centre
- Kalakriti

Diversity @GITAM

The GITAM family is a melting pot of languages and cultures. Each year, GITAM welcomes thousands of students from every nook and corner of the world. We believe that soon, GITAM will be the epitome of the expression "The World Under One Roof".

Student Well-Being

The GITAM community is exploring how we cope with, manage, and understand mental health and how it impacts our students' lives. Intellectual growth and academic achievement cannot come at the cost of a person's well-being. GITAM is taking more and more initiatives through the Student Life directorate, student clubs, and special interest groups to raise awareness of resources available to help students prioritize their well-being and access programs, support, and care.
